We have the best of impressions regarding the review process because this was our first manuscript that we submitted to the journal WSEAS Transactions on Business and Economics. The manner of review was a true peer review. We wish to express our gratitude and admiration for your remarks by thanking you from the bottom of our hearts. All of the reviewers pointed out places where our paper may be improved. Changes were made as a result of the criticism of the methodology element (which was made more descriptive) as well as the results' foundation. Thank you very much for your help.
