I declare, I confirm, I certify and I sign that I received substantial, important, line by line peer review with several and substantial comments, important remarks and hints from, at least, 3 Reviewers and the Assistant Editor for my paper: **Analysis of Digital Adoption Capability and perceived Product Advantage on Network Externalities and Sustainable Business Growth on MLM in Indonesia**

with Authors: THAMRIN SELAMET, TIRTA NUGRAHA MURSITAMA, ASNAN FURINTO, PANTRI HERIYATI

I would like to thank all the reviewers for their thoughtful comments and efforts towards improving our manuscript. We revised the manuscript with special attention to the comments that we received from**Three (3)**.... (<-write the correct number) reviewers that were experts, specialists in the area of my paper. I declare, confirm, certify and sign that WSEAS has checked my paper for possible plagiarism by Turnitin and my paper was found without plagiarism or self-plagiarism by Turnitin. I also declare, confirm, certify and sign that also that no Associate-Editor, no Editor-in-Chief, no member of the WSEAS Secretariat forced me in this Journal to add references (citations) to any previous publications of the journal.

Reviewer 1 : Please, correct the format of the paper. A lot of corrections are required. Follow the template: <https://wseas.com/format.php>. we have adjusted to the WSEAS paper template. The title of the manuscript is too long. A shorter and representative title would be useful. we have simplified the title of our paper. For readers to quickly catch the contribution in this work, it would be better to highlight major difficulties and challenges, and your original achievements to overcome them, in a clearer way in abstract and introduction. We have added problems in the research that we added in the abstract and introduction sections which we bolded in yellow. The paper should be reviewed by native English

reviewers who will advise the authors about misprints and better sentence construction. We have edited this file in grammarly.

Reviewer 2 : It is mentioned in page 8 that 'This study extends the theory of network externalities and proves that network externalities are an important way for companies to gain competitive advantage that improves business performance. This shows that network externalities have two dimensions, namely direct and indirect externalities.' More justification should be furnished on this issue. We have already explained the meaning of direct and indirect externalities in the conclusion section. Figure 1 'Conceptual Framework'. The explanations of the abbreviations do not correspond to figure 1. The last letter of the abbreviations is missing. We've fixed the missing naming in the image section.

Reviewer 3 : The analysis of the findings is poor and should be extended. We have added some previous research to the discussion section. The comment regarding "From a strategic management perspective, especially from a Resource-Based Theory point of view, companies with unique capabilities and resources can achieve a position of sustainable competitive advantage in volatile business markets and outperform competitors in their industry." should be better explained. We have added further explanation regarding the view of Resource-Based Theory in the conclusion section.

I also declare, confirm, certify and sign that I have made all the changes, modifications, additions, studies, corrections asked by the reviewers and I have fully complied with their instructions. I also understand that before the publication the 3 (or more than 3) reviewers will check my paper to see if all the changes, modifications, additions, studies, corrections etc have been done and I authorize the WSEAS to publish my paper or to reject my paper even in the 2nd round of peer review or to continue with an additional round of peer review.

I also declare, I confirm, I certify and I sign that I will not publish this paper or an important part of the paper in any other Journal (inside or outside WSEAS) Conference Proceedings (inside or outside WSEAS), Book (inside or outside WSEAS), University Repository etc) without the written permission of the WSEAS.
