I declare, I confirm, I certify, and I sign that I received a substantial, important, line-by-line peer review with several substantial comments, important remarks, and hints from at least 3 Reviewers and the Assistant Editor for my paper:

“TL and OC from the Retail Sector in an Emerging Economy: Evidence from Vietnam.”

I would like to thank all the reviewers for their thoughtful comments and efforts toward improving our manuscript. The manuscript was revised with special attention to the comments and suggestions from three (3) reviewers who are experts in this research area.

I declare, confirm, certify, and sign that WSEAS has checked my paper for possible plagiarism using Turnitin and that it was found to contain no plagiarism or self-plagiarism. I also declare, confirm, certify, and sign that no Associate Editor, Editor-in-Chief, or member of the WSEAS Secretariat forced me to add references or citations to previous publications of the journal.

I also declare, confirm, certify, and sign that I have made all changes, modifications, additions, corrections, and improvements requested by the reviewers and have fully complied with their instructions. I also understand that before publication, the reviewers may re-examine my manuscript to verify whether all requested revisions have been completed. I authorize WSEAS to publish my paper or to reject it in the second round of peer review or to continue with an additional round of peer review if necessary.

I also declare, confirm, certify, and sign that I will not publish this paper or a significant part of this paper in any other journal, conference proceedings, book, or institutional repository without written permission from WSEAS.

I also declare, confirm, certify, and sign that this paper or a substantial part of it has not been previously published in any other journal, conference proceedings, book, or institutional repository. In case of violation of the above terms, WSEAS may reject any unpublished paper or retract any published paper.

The peer review process was constructive and highly valuable in improving the

manuscript's quality. The reviewers provided detailed and insightful comments regarding the theoretical background, methodology, and empirical analysis. Their suggestions helped clarify the conceptual framework, strengthen the methodological rigor of the PLS-SEM analysis, and improve the manuscript's clarity and structure.

I sincerely appreciate the professional evaluation process at WSEAS and the efforts of the reviewers and the editorial team in enhancing the paper's scientific quality.
