Dear Elena Triantafyllou,

I am writing to formally acknowledge the receipt of the three reviewers comments about our submitted paper for possible publication in the **WSEAS Int. J. of Computational and Applied Mathematics & Computer Science**.

Thanks a lot for the reviewers, their comments helped us to improve our paper and we tried as best as we can to fulfill the reviewer's requirements. In the following the details of the improvements:

- 1- As suggested, I used Gmail to correct the language.
- 2- We verified every reference and its citation in the paper
- 3- We added 5 recent papers.
- 4- We added a section on simulation results that we had time to undergo recently.
- 5- I tried to add more details in the future work.
- 6- In the conclusion, I suggested some eventual application in existing blockchains.

I hope these improvements are satisfactory but we are ready for other remarks and comments.

Best Regards,

Malika Yaici
