I would like to thank all the reviewers for their thoughtful comments and efforts towards improving our manuscript. We revised the manuscript with special attention to the comments that we received from **three** reviewers that were experts, specialists in the area of my paper.

I sincerely believe that the WSEAS has checked my paper for possible plagiarism by Turnitin and my paper was found without plagiarism or self-plagiarism by Turnitin. I also declare, confirm, certify and sign that also that no Associate-Editor, no Editor-in-Chief, no member of the WSEAS Secretariat forced me in this Journal to add references (citations) to any previous publications of the journal.

I also declare, I confirm, I certify and I sign that I will not publish this paper or an important part of the paper in any other Journal (inside or outside WSEAS) Conference Proceedings (inside or outside WSEAS), Book (inside or outside WSEAS), University Repository etc) without the written permission of the WSEAS.

I have a co-authored paper in WSEAS Transactions on Mathematics in 2020. I believe that the review process of the papers in WSEAS Journals is fair and strong. The comments we received from three reviewers are useful and very informative to improve the quality and presentation of the paper. I am very thankful to WSEAS journal, for the invitation of the submission with free publication fees. I strongly believe that the young researchers will be motivated to submit papers in WSEAS journals.
