I declare, I confirm, I certify and I sign that I received substantial, important, line by line peer review with several and substantial comments, important remarks and hints from, at least, 3 Reviewers and the Assistant Editor for my paper: “Coaxial Counter-Current Jet-Film Flows of Nano Fluids and Metal Melts” with Author: Ivan Kazachkov. I would like to thank all the reviewers for their thoughtful comments and efforts towards improving our manuscript. We revised the manuscript with special attention to the comments that we received from **Three (3)** reviewers that were experts, specialists in the area of my paper. I declare, confirm, certify and sign that WSEAS has checked my paper for possible plagiarism by Turnitin and Turnitin found my paper without plagiarism or self-plagiarism. I also declare, confirm, certify and sign that that no Associate-Editor, no Editor-in-Chief, no member of the WSEAS Secretariat forced me in this Journal to add references (citations) to any previous publications of the journal.

The reference list has been expanded with additional recent sources, including IEEE and WSEAS publications. We have included new simulation results for nano- fluid jet- film flows, supported by comparative analysis. Pages 3–4 have been rewritten for clarity, with step- by- step explanations of governing equations and assumptions. We have incorporated a wider range of simulation results, supported by computational modeling, to improve clarity and analytical depth. The originality of our contribution is now emphasized in the Introduction and Conclusion, highlighting novel aspects of our jet- film flow analysis. The manuscript has been reformatted to fully comply with WSEAS guidelines. Any overlapping text with prior publications has been removed. We believe the revised manuscript now addresses all major concerns raised by the reviewers. The paper has been substantially strengthened in terms of mathematical rigor, simulation depth, clarity, originality, and compliance with journal standards. Typographical and grammatical errors have been corrected. We respectfully resubmit the manuscript for further consideration.

I also declare, confirm, certify and sign that I have made all the changes, modifications, additions, studies, corrections asked by the reviewers and I have fully complied with their instructions. I also understand that before the publication

the 3 (or more than 3) reviewers will check my paper to see if all the changes, modifications, additions, studies, corrections etc have been done and I authorize the WSEAS to publish my paper or to reject my paper even in the 2nd round of peer review or to continue with an additional round of peer review.

I also declare, I confirm, I certify and I sign that I will not publish this paper or an important part of the paper in any other Journal (inside or outside WSEAS) Conference Proceedings (inside or outside WSEAS), Book (inside or outside WSEAS), University Repository etc) without the written permission of the WSEAS.

I also declare, I confirm, I certify and I sign that this paper or an important part of the paper has not been published other Journal (inside or outside WSEAS) Conference Proceedings (inside or outside WSEAS), Book (inside or outside WSEAS), University Repository etc). In case of violation of the above terms, WSEAS can reject any unpublished paper or even retract any published paper.
