WSEAS Journals' professionalism and efficiency in the review and publication of scientific articles has impressed me. When I submitted a mathematical modelling and simulation in petroleum reservoir, the editor kept me updated on the status of my submission and responded quickly to my questions. Three reviewers provided feedback, and their comments were both respectful and helpful in highlighting the technical novelty of our publication. For these reasons, I strongly recommend WSEAS Transactions on Applied and Theoretical Mechanics to all academics interested in publishing their work.
