For us, this was the second time that we sent a paper to your institution. We have the best of the impressions for the review process in the journal: WSEAS. The review process was a real peer review process. We would like to express our heartfelt thanks and great respect for your remarks. All reviewers showed us aspects to improve our paper. The criticism regarding the methodological part as well as underpinning the results was accepted and corrections were made accordingly. Thank you for your cooperation.
